Durgesh Kumar

MERN Stack Developer | React JS Developer | Front End Developer

+91 8957201725 | Nodia Uttar Pradesh India| Email |Portfolio | Linked In | GitHub

Professional Summary

- 9+ months of experience in MERN Stack configuration and development
- Basic knowledge of the IOS App Development (Swift & Swift UI)
- 3+ personal projects based on the MERN stack

Work Experience

1) Junior Software Engineer, Codeapex LLP, Sarai Faridabad India
October 2023 to June 2024

Surge Party: iOS Party Management App (Link)

Tech Stack: Swift, Swift UI, Map box, Firebase, Socket.io, ScyllaDB, Node.js, PostgreSQL, Express

Role: Front End developer

- Developing "Surge Party," an iOS app for party management
- Enhanced user experience by 20% and boosted app performance by 23%
- Implemented coding best practices resulting in a 25% reduction in rework and a 12% cost reduction.

2) Software Engineer Intern, Shoppeal Tech Private Limited, Kalyan, Maharashtra, India
July 2023 to September 2023

- Proficient in Next.js, Tailwind CSS, and TypeScript for developing complex user interfaces.
- Efficient handling of API requests with modern techniques like prefetching.
- Building highly interactive and SEO-friendly web applications for enhanced user experience.

Projects

1) E-commerce Mern stack (Link)
January 2023 to March 2023

Tech Stack: MongoDB, Node JS, Express JS, Tailwind CSS, React JS, Typescript

Summary: I developed a MERN e-commerce app with a user-friendly interface, intelligent search, advanced filters, and secure checkout. It supports multiple payment options and includes an admin portal for easy management. Built with React.js, Node.js, Express.js, and MongoDB.

2)Mern chat App (Link)
January 2023 to March 2023

Tech Stack: MongoDB, Node JS, Express JS, Tailwind CSS, React JS, TypeScript, Socket io

Summary: This is a full-stack chat app utilizing Socket.io for real-time communication. User details are stored securely in an encrypted format in a MongoDB database.

Education

Rajkiya Engineering College Banda (July 2019 - June 2023) | Bachelor of Technology (Information Technology)

Skills

Programming Language: JavaScript, Swift, C++, Python (Basic)

Front End Technologies: React JS, Next JS, Swift UI, React Native

Backend Technologies: Node JS, Express JS, Mongo DB, Firebase

Other Skills: Docker, Git & GitHub, Postman
